

## Buttercup Miniatures - Project for 1:12<sup>th</sup> and 1:6<sup>th</sup> Scale Train set present

Please note box shown above is 1:12<sup>th</sup> scale

### Extra materials required:

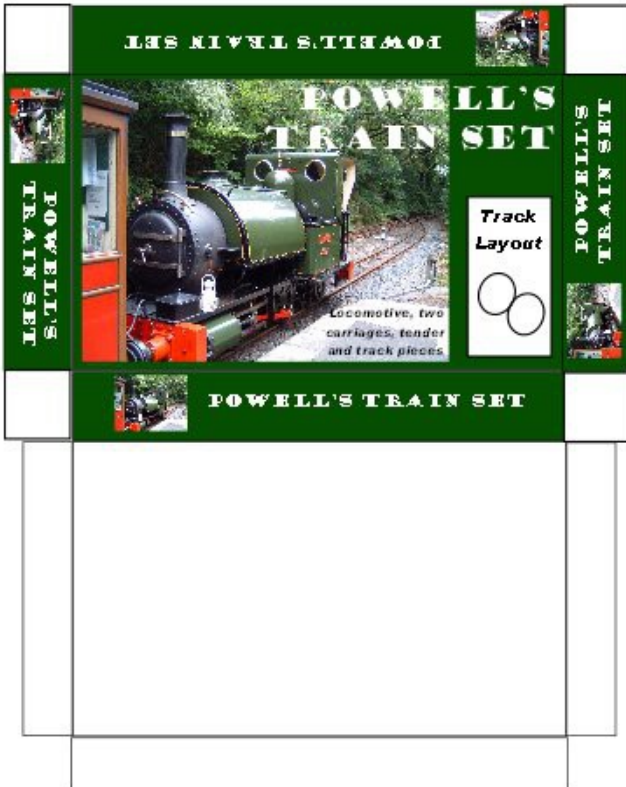

Scissors or craft knife, cardboard, and paper glue.

### Instructions

1. Print out box and wrapping paper in chosen size. Stick box onto thin card (such as a cereal packet, stick paper onto coloured side of cereal box)
2. Carefully cut around box making sure that all tabs are cut out (there are no tabs on the base (white part)).
3. Gently score along black lines to make folding easier.
4. Fold tabs in behind sides of top and stick down, leave to dry. Fold up base and stick sides of base behind side panels of lid, so that you have a block shape. Leave to dry.
5. Wrap box in wrapping paper and glue in place, leave to dry.
6. Gently tear wrapping paper to expose train set as shown in photo above.
